

VULCANITE ROOFING

IS ECONOMICAL

Because it is durable. When you roll out 40 feet and nail it down one square is laid. Quick work, aint it?

It's the roofing of to-day. The price is right, too. It has toughness about it. It is peculiarly adapted to the tops of buildings. Sold by the Forbes Manufacturing Co., Incorporated.

EDUCATION

In the South to be Discussed at Lexington in May.

Kentucky has never been so thoroughly alive to the importance of educating the masses as it is today. The shortcomings of the country schools in the South is well known and our own state is but little, if any, less numerous and deplorable. The recent legislation providing for the establishment of schools to be conducted solely for the preparation of teachers is an evidence of the desire of the people generally for the adoption of more advanced methods of education, as well as a recognition of the great need of competent instructors.

South are to hold a conference for education at Lexington, beginning May 2 and continuing three days. It is believed that it will be the largest gathering of its kind ever held in Kentucky. A number of the most advanced educators, statesmen and writers of the United States will be present, as well as Governor Folk, of Missouri; Dr. Shaler, of Harvard; Dr. Robertson, of Canada; Dr. Knapp, of Louisiana; Governor Beckham and many other prominent spellers. Receptions, visits to stock farms and an old-fashioned barbecue are among the many entertainments arranged for visitors. The railroads have made a rate of one fare, plus 25 cents, for the round trip.

Nashville Races.

The Illinois Central will sell round trip tickets to Nashville and return on April 10 to 21 at one and one-third fare, tickets good to return three days from date of sale, but not later than April 22.
